

Oficjalne Stanowisko OLAF-u jest takie, że P. Gerber przywłaszczył 22 tys EU z dotacji Unijnych które miała dostać Politechnika Wroclawska. Gerber kasę przeznaczył na Muzeum Kolejnictwa w Jaworzynie Śl. Politechnika Wroclawska ma przez to problemy. Stanowisko OLAF-u jest jednoznaczne. P. Gerber jest winny i koniec. ciekawe, że Wroclawska Prokuratura mataczy w tej sprawie i kwestionuje wyrok. Prokuratura Generalna nie ma z tym problemu i już wszczęła dochodzenie ws mataczenia Prokuratury Rejonowej Wroclaw-Stare Miasto, Prokuratury Okręgowej i Apelacyjnej we Wroclawiu. To jest przykład jak działa Muzeum Kolejnictwa w Jaworzynie Śl.

Subject: Notification of case closure – Research Project ‘CONSIST/Technical University of Wrocław

OLAF Ref.: OF/2006/0831 (Please include this number in all correspondence with OLAF)

Dear Mr. Ochwat

I would like to inform you that OLAF's external investigation into the reported allegations of irregularities and fraud in the context of the above EU-funded project has now been completed.

Based on the findings presented by the Investigation Team, OLAF's Executive Board has recommended on 04.08.2009 that the above case be closed without further follow-up. However, it should be stressed that OLAF has recommended that the total amount of EU-funds (22.785,34 €) received by the Polish Museum of Railway and Industry – acting as subcontractor of the Wrocław University of Technology in the CONSIST Project – be recovered by the European Commission. Therefore, the final case report which contains this recommendation, has been forwarded to the Directorate-General for Research.

Your attention is drawn to the privacy statement below.

Yours sincerely,

Thierry CRETIN
